

ACCESS

READER FINGERPRINT DOOR ACCESS

OCB-A358

FEATURES

- First-class technology with ideal design
 - No need to remember the password and easy to use your fingerprint
 - Improving highly the safe grade of entrance control
 - Finishing the management in different time, areas and authorities
 - Being able to limit the authority of entrances and exits in groups
 - Being verified by more than one fingerprint or in a group or among the groups
 - Strong capacity, supporting any Wiegand 26 Interface
 - Supplying RS485 communication Interface and loading the fingerprints on web
- Easy to install and debug

SPECIFICATION

Item	Parameter
Gathering Area	16mm*14mm
Fingerprint Accept Angle	±45°
ERR	< 2%
FRR	≤ 0.01%
FAR	≤ 0.0001%
Response Time	≤ 1.2s
Mathcing Mode	1 N
Reserve Mode	Passwords
Working Mode	Stand-alone
Fingerprint Capacity	1450 pieces
Communication Interface	RS485
Antistatic Intensity	< 15kv
Humidity of Use	20%-60%
Temperature of Use	0°C - 45°C
Humidity of Storage	20%-80%
Temidity of Storage	-10°C - + 65°C
Power Supply	12VDC@1A
Power Consumption	< 5W
LCD Language	Chinese and English
Dimention	220mm*154mm*40mm
Communication Protocol	WIEGAND 26
